

For home section

No. of semester
Study Planner

This three circls are for setting for exam date, add section on home, import routine.

(pen) meas pen icon which's through user can edit. X means delete(ask before delete)

the count progress will fully connected to the course outline section. The number of subjects are in course outline , the number of subjects will be in course progress in percentage.

Make theme for girls separately like pink+white and boys dark+red , dark+ blue (user can choose any of them)(white and dark theme)

If user click the edit button they can leave without any changes made. ok
